## Preface

The world is over, Distance Education is the fast –Growing mode of Education because of the benefits is Provide to Learners. Universities are now able to reach the Community, which has for so long been deprived of Higher Education due to Various reasons. Including social, Economics and Geographical consideration. Distance Education Provide them with a Second to upgrade their Technical skill and Qulaification.

One of the Important consideration in initiating distance education in Country like India, Has been the Concern of Government in Increasing the Access and reach of Highre Educaton to alarger Students Community. As Such, Only 8-10% of students in India take up higher Education and more than 90% drop out before reaching the 10+2 level. In Such as System, Distance Education programmer provide the Computer & I.T. Center much needed Avauue for:

- Increasing the Access and Reach of higher Education, Yoga Education, I.T. Information.
- Providing Equal Opportunities and Affordability of Higher for Weaker and Disadvantage Section of the Society, Training Center or Practioner.
- Capacity Building to Further National and International Intrests.

An ISO-9001-2015 Certified by a group of quite of devoted highly qualified, experienced and educational expert student. We aim to provide vocational course to educated unemployment student to enable them to get better employment and live a peaceful and respectable life with the motto of early childhood education. Teaching young children can be an extremely challenging task.

A teacher is required to perform not only as a guide and mentor but also as someone who understand feelings and emotions of the children. Yoga Sansthan as a way of life, the science of Holistic Living to bring health and happiness, peace, efficiency, harmony and growth in individuals. The Integrated Yoga Approach can solve the problems of the modern society and build ideal social orders. To use the four streams of Yoga (Jnana, Raja, Bhakti & Karma Yoga) all leading to the same goal as envisioned by Swami Vivekananda and its applications to all aspects of modern life, We have named it as "Sri Yoga Institute".

To integrate yoga with other form of healthcare like Naturopathy, Ayurveda, Allopathy and Homeopathy. To apply the principles and techniques of Yoga to meet various challenges of modern life. By using the knowledge of consciousness, and yoga way of life. Vision: To bring the benefits of Yoga to everyone in the society. Mission: To make Yoga a socially relevant science by using the modern tools of scientific research.
