SUBHARTI KRISHNA KUMAR BHATNAGAR CHARITABLE

1925-

1926-2016

DR. K. K. BHATNAGAR MRS. R. BHATNAGAR

The Trust was established in 1991 by Smt. Rajwati Bhatnagar in the memory of her educationist husband, the late Dr K.K. Bhatnagar. The purpose of the Trust was to guide the energy of the youth of our country in the right direction. This aim could only be achieved by educating the youth. Thus the Trust ventured into the field of education by establishing educational institutions from the primary level to higher education. In addition to providing education, the aim of the Trust is to instil principles of service, nationalism and brotherhood into the young Indian minds. The Trust has also been carrying out various other social, national and charitable activities.

Subharti is a mission of service to provide basic necessities of life such as health and education to everyone without any consideration of caste, creed, religion or any other man-made factors, by establishing Schools, Colleges, Hospitals, Ashrams and Service Centers.

Subharti is a revolution of love and sacrifice to bring people together by removing hatred, spreading love, building up of moral and national character and service of mankind so as to make the dream of **"Vasudhaiva Kutumbakam"** come true. Social reformations by formation of casteless society, removal of communalism, terrorism are its important activities. **Subharti is an expression of gratitude** to those who sacrificed their lives for the cause of humanity, equality and independence of the country, thus committing itself to **National Integration**. That is why this University has been named after one of the most illustrious sons of this country- Swami Vivekanand.

Subharti was started as a social service organization several years back. The main objective of Subharti is to provide medical aid and education to the poor and the needy. It is also committed to social and communal harmony and national integration for creating a casteless society for globalization. To serve this purpose, several schools up to the intermediate level and several health centers were established in villages. All the centers of Subharti have been named in the memory of our National Heroes such as Guru Gobind Singh, Netaji Subhash Chandra Bose, Chatrapati Shivaji, Sardar Patel, Baba Saheb Bhimrao Ambedkar and several others. In 1996, Subharti stepped in the field of professional education. In 2008 Subharti was accorded the status of a University. Subharti is also running Lokpriya Hospital, a super speciality hospital in the heart of Meerut city. It is one of the biggest hospitals in the private sector in U.P. and caters to all the sections of the society. Another hospital with the purpose of teaching training and service has been developed in the main campus of Subharti Medical College by the name of Chhatrapati Shivaji Subharti Charitable Hospital.

Subharti has achieved yet another milestone leading to another campus in sacred memory of one of India's great son, 'Ras Bihari Bose' at Dehradun with the name of 'Ras Bihari Bose Subharti University'.

“We have all been sent for a purpose to this planet, and what better purpose can there be than to be of use to our nation. However we are all bound in the clutches of responsibilities and duties, not all of us have the courage to leave all behind and fight at the border. So what can we do?

We can be good citizens, responsible nationals, rise above the minor differences of caste, creed, religion, commit to our duties towards our Nation. But how do we do it?

Get educated, study hard and spread knowledge...

Be responsible, conserve the National resources and use them wisely...

Be good children, respect and realize the sacrifices your parents have done to get us here...

Claim our rights but with it, fulfil our duties... Remember God helps those who help themselves, Be the Change you want to see.

I welcome all the new entrants to our Subharti family. I hope you make the best use of all the facilities provided and emerge as responsible citizens, skilled professionals and self-motivated individuals with the desire to prove yourself and give back Mother India what we owe to her. Jai Hind.

MESSAGE OF THE VICE CHANCELLOR

- DR N.K. AHUJA

The seed by the name of Swami Vivekanand Subharti University was sown in the year 2008 under the leadership of our great visionaries Dr Atul Krishna and Dr Mukti Bhatnagar as a subsidiary of Subharti K.K.B Charitable Trust presently headed by Dr Shalya Raj (President). The seed has become a much sought after fruit laden tree with being recognized as 'A' accredited University by NAAC in 2016. The University is a privileged higher centre of learning and research with emphasis being laid upon preparing the youth for the social order.

by imparting value based education. The core values of this University are its four pillars i.e. Education, Service, Sacrament and Nationalism.

As the Vice Chancellor of this prestigious University I indeed feel proud in welcoming the flag bearers of tomorrow. The University aims to provide skill based education thus nurturing committed and competent well trained young nubile minds, who are ready to take on the world with their levels of expertise and experience. The liberty of expression of one's free will and intelligence makes Subharti a perpetual source of learning. Our goal is to generate

students and train people to work in fields where they will be welcomed with open arms both for their specialised knowledge, and for their ability to explore, converse and get to the niche of problems through critical and innovative thinking. We don't believe in the attitude of "Chalta Hai" but strongly lay emphasis on developing a higher Emotional & Spiritual quotient in an individual's relentless pursuit of excellence.

Looking forward to extending you a hearty welcome to our beautiful campus.

KARMA WANGDI, BHM, BHUTAN

GUNJAN CHAWLA, B.ED

"It gives me an immense pleasure to be a part of 'Faculty of education' where a teacher not only teaches the subject but also transfers their entire personality to their students. I must congratulate my fellow alumni who are being honored for having distinguished themselves serving our country. And, we have to realize that we are not going to have a guiding light. In fact, we will become a guiding light for our students. Those who educate children are more to be honored than parents. Parents only give life, but we will give the art of living well. I must show my gratitude to my teachers for giving us strength and making us what we are today.
